

The Journey Through Cancer and The Seven Levels of Healing®

with Jeremy Geffen, M.D.
June 5–8 at Unity Village

Today, more than ever, people are seeking an approach to medicine that is more holistic, compassionate, and sensitive to their needs as a whole person. This is especially true for those facing cancer.

Patients, family members, and health professionals must grapple with a dizzying array of conventional and nonconventional treatment options, while also searching for meaningful ways to embrace the mental, emotional, and spiritual dimensions of healing.

Dr. Jeremy Geffen addresses these questions and other concerns by skillfully guiding us through seven critical areas of inquiry and exploration encountered by everyone on the journey through cancer. His Seven Levels of Healing program shows how we can transform all aspects of the cancer journey.

This workshop is a wonderful opportunity for people living with cancer, caregivers, and health-care professionals to learn how to navigate the journey of cancer as skillfully and effectively as possible.

Registration: \$299*

*Through the generosity and graciousness of our compassionate friends, the first 60 registered guests will receive a \$100 gift towards their workshop registration.

(Accommodations priced separately)

For more information or to register, call
